50th Anniversary

Certificates

In celebration of CARF's fiftieth anniversary, each station checking into the morning net has received a 50th Anniversary Certificate. As of March 23, 66 have been sent! We take this opportunity to thank WB8TLZ for spearheading this effort of recognition!

T-Shirt / Sweatshirt

In the event that you've not yet purchased a t-shirt or sweatshirt and desire to do so, we'll have some at the booth in Dayton!

Dayton Hamvention - 2016

We will share our celebration of 50 years at the 2016 Dayton Hamvention, May 20 – 22. Make plans to travel there and stop by the CARF booth. If you are willing to help man the booth, please let us know via e-mail, executives@CARF.net. We will be in the North Hall, booth 0213.

We are intending to gather on Friday from 11am -12 noon at the booth and take an official photo at 11:30 am. For those who cannot make it on Friday, we'll be ready to take another official photo at 11:30 am on Saturday.

For any CARF members and guests who remain in town at the close of the show either Friday or Saturday, we'll plan on an informal dinner gathering to swap ham stories. Now, we understand those will be much like fishing stories, but they will be entertaining nonetheless!

New Stations & Members

We desire to extend an official welcome to each new member listed below and encourage you to regularly join us on-air in daily fellowship.
